

Arizona Health-e Connection 2010 Calendar of Events

February 24, 2010

AzHeC Vision & Mission

VISION

Arizona Health-e Connection is the international model for facilitation of Health Information Infrastructure development and implementation.

MISSION

To facilitate the design and implementation of integrated statewide Health Information Technology and Health Information Exchange that supports the information needs of all healthcare stakeholders to reduce healthcare costs, improve patient safety and improve the quality and efficiency of healthcare and public health in Arizona.
